

How to unbind Sign In With Apple with Parallels applications

- Parallels Desktop for Mac Pro Edition
- Parallels Desktop for Mac Business Edition
- Parallels Desktop for Mac Standard Edition
- Parallels Toolbox

Symptoms

- I attempted to Sign In With Apple in Parallels Desktop and wasn't able to log in.
- I attempted to Sign In With Apple in Parallels Toolbox and wasn't able to log in.

Cause

Parallels has received neither email nor name from Apple.

Resolution

To log in to one of Parallels applications with Sign In With Apple after failed attempt it's required to unbind Sign In With Apple with this particular app following instructions below depending on the macOS currently installed.

Unbind Sign In With Apple with Parallels applications on macOS 10.15 Catalina (and later)

- 1. Go to **System Preferences > Apple ID** then select **Password & Security** item in the list on the left.
- 2. Under Apps which are using your Apple ID section click Edit button.

3. From the list on the left select a Parallels application which needs to be unbound and click Stop using
Apple ID button.

4. In the following window, click Stop using button.
5. Try using Sign In With Apple again.
Unbind Sign In With Apple with Parallels applications on macOS 10.14 Mojave (and earlier)
 Go to <u>Apple ID</u> website and log in using your Apple ID credentials. Scroll to the Security section and click Manage button under Apps & Websites using Apple ID.

3. Click the required application from the	ne list.	
4. Click Stop Using Apple ID button.		
5. Give final confirmation by clicking the	ne Stop Using Apple ID button.
