Cannot install Windows 8 RTM in Parallels Virtual Machine

- Parallels Desktop
- Parallels Desktop for Mac Standard Edition

Symptoms

You cannot install Windows 8 RTM in Parallels Virtual Machine with the following error message:

```
Windows cannot find the Microsoft Software License Terms. Make sure the
installation sources are valid and restart the installation.
```

Cause

Express Installation is selected in the setup wizard.

Resolution

Please deselect **Express Installation** in the Setup Wizard at the following page:
